Get on the Map: FutureSSM needs your help to Identify Arts, Culture and Heritage Assets in Sault Ste. Marie

Sault Ste. Marie – FutureSSM is working on a project to compile a Cultural Asset Inventory of Sault Ste. Marie, as part of the Community Cultural Plan. The inventory's goal is to provide a comprehensive and accessible record of the people, organizations, places and events—the Who, What, Where and When—that provide the rich cultural life and heritage of Sault Ste. Marie.

FutureSSM encourages all community members to identify assets by filling out a short online form by Tuesday, April 30th, 2019. Click [HERE](#) to access the form.

The development of a comprehensive Community Cultural Plan was identified as a key recommendation in the Community Adjustment Committee Report as a way to increase cultural vitality in Sault Ste. Marie. The goals of implementing the plan are to:

- Foster investment and economic development in Arts & Culture
- Strengthen partnerships to promote cultural vitality in the community
- Strengthen connectivity amongst those in the creative sectors
